Emails received from un-registered email id will not be entertained.

Shareholders are requested to register their email id, if not done already:

DEMATERIALISATION AND REMATERIALISATION

Dematerialization:

Dematerialization is the process by which shares held in the physical form are converted into an equivalent number of shares in electronic form and credited to the shareholders demat account held with a DP.

Procedure for Dematerialization:

A shareholder will have to first open a demat account with a DP and then request for dematerialization of the shares by filling up a Dematerialization Request Form ("DRF"), which is available with the DP and submit the same together with the original physical certificates.

Certificates handed over to the DP for dematerialization, are defaced by marking "Surrendered for Dematerialization" on the face of the certificate(s) before dematerialization. Shares are normally dematerialized within 7 days of the receipt of the Dematerialized Request Number ("DRN") from the DP, along with the share certificate(s), if the same are found to be in order.

Demat account:

A demat account is like a bank account where a shareholder can hold the shares and other securities in electronic form. Just like bank statements, the shareholder will get demat statements periodically from their DP.

Who bears the charges for opening demat account and dematerialization of certificates:

The demat charges have to be borne by the shareholder. To know more about demat charges, shareholders can get in touch with the DP.

Benefits of holding shares in dematerialized form:

In the depository system, ownership and transfer of shares takes place by way of electronic book entries, thus eliminating the risks related to handling of paper.

Elimination of bad deliveries, risks associated with physical certificates, immediate transfer and registration of shares, faster settlement cycle, faster disbursement of non-cash corporate benefits, ease in recording change of address, transmission, etc. are some of the benefits associated with holding shares in dematerialized form.

Names of depositories:

National Securities Depository Limited ("NSDL") and Central Depository Services (India) Limited ("CDSL") are the two depositories presently operating in the country.

Do dematerialised shares have distinctive or certificate numbers:

Dematerialised shares do not have any distinctive or certificate numbers. The shares are fully fungible, which means that any 100 shares of an ISIN are similar to any other 100 shares of that ISIN.

Other points relating to holding shares in dematerialised form:

Shares held in joint names can be dematerialised in the same combination of names as appearing in the share certificate. However, for changing the sequence in which the shares are held, the DP shall provide “Transposition cum Demat” facility to help joint holders dematerialise shares in different sequence of names.

The demat account must be opened in the same ownership pattern in which the shares are held in the physical form. If one certificate is in individual name and another certificate is jointly held with some other person, two different accounts would need to be opened.

Dividend on dematerialised shares is credited to the shareholder’s bank account, for which a shareholder will have to register the National Electronic Clearing Service (“NECS”) mandate with the DP.

Mandatory Issuance of shares in Dematerialised Form

Securities and Exchange Board of India (“SEBI”) has by Notification No. SEBI/LAD-NRO/GN/2022/66 dated 24th January, 2022 provided that listed companies shall, from the date of the circular, issue shares in dematerialised form only, while processing following service requests from shareholders:

- Issue of duplicate certificate(s);
- Claim from Unclaimed Suspense Account;
- Renewal / exchange of security certificate(s);
- Endorsement(s);
- Sub-division / splitting of security certificate(s);
- Consolidation of security certificate(s)/folio(s);
- Transmission; and
- Transposition.

Process that will be followed:

- 1) The shareholder(s) / claimant(s) will have to submit Form ISR - 4 (available on the Company’s / RTA’s website) along with documents mentioned in the form.
- 2) For matters relating to renewal / exchange of certificate(s); endorsement(s); sub-division / splitting of share certificate(s); consolidation of certificate(s)/folio(s); transmission; transposition, the RTA / Company will call for the original certificate(s) for processing of service requests.
- 3) After verifying and processing the service request, and if found to be in order, the RTA / Company will issue a ‘**Letter of Confirmation**’ in place of the physical certificate(s), to the shareholder(s) / claimant(s) within 30 days of receipt of the request.
- 4) The ‘**Letter of Confirmation**’ will be valid for 120 days from date of issuance, within which time the shareholder(s) / claimant(s) will make a request to their DP for dematerialising the shares.
- 5) The RTA / Company will send reminders to the security holder(s) / claimant(s) after 45 days and 90 days respectively, from the date of issuance of the Letter of Confirmation, in case no demat request is received by the RTA / Company.
- 6) If the shareholder(s) / claimant(s) fails to submit the demat request within the aforesaid period, the RTA / Company will credit the shares to the Suspense Escrow Demat Account of the Company.

Rematerialization:

Rematerialization is the process through which shares held in demat form are converted into physical form by issuance of share certificate(s).

Process of Rematerialization:

A shareholder should submit a duly filled in Rematerialization Request Form ("RRF") to the concerned DP. The DP will intimate the relevant Depository of the request and submit the RRF to the RTA.

The Depository will confirm the rematerialization request to the RTA. The RTA will update the account, print share certificate(s) and inform the Depository.

The Depository will update the shareholder's Beneficiary Account by deleting the shares so rematerialized.

The share certificate(s) will be dispatched to the shareholder.

DIVIDEND

Dividend:

"Dividend" in its ordinary sense means the share of a company's profit allocated to shareholders in proportion to their shareholding in the company.

Interim Dividend:

Interim Dividend means dividend declared by the Board of Directors during a financial year.

Final Dividend:

Final Dividend means dividend recommended by the Board of Directors to the shareholders for approval at the Annual General Meeting ("AGM"), after closure of a financial year.

Distribution of dividend:

Dividend is distributed using "Electronic Clearing Service" ("ECS") or NECS facility, wherever available. For shareholders who have not submitted their bank account details, physical warrants are distributed. Shareholders are advised to avail the facility for receipt of dividend through ECS.

Availing ECS / NECS facility:**Shareholders holding shares in dematerialised form:**

Shareholders holding shares in dematerialised form are requested to contact their respective DPs for availing ECS / NECS facility for updating / modifying their bank account details.

Shareholders are also requested to give the MICR Code of their bank account to their DPs. The Company cannot entertain any direct request from such shareholders for updating / modifying bank account details, as also requests for change of address, transposition of names, deletion of name of deceased joint holder. The said details are considered, only as furnished by NSDL / CDSL to the Company.

Shareholders holding shares in physical form:

Shareholders holding shares in physical form are requested to download the ECS / NECS form from the Company's website viz. www.ultratechcement.com and send the same duly filled up and signed along with a photocopy of a cancelled cheque to the Company or to its RTA. In case the cheque leaf does not contain the aforesaid details, shareholders are requested to submit a copy of the first page of the bank account passbook showing the aforesaid details, duly attested.

Benefits of ECS / NECS:

- a) No need to make frequent visits to the bank for depositing physical warrants.
- b) Prompt credit of dividend amount.
- c) Avoiding postal delays, fraudulent encashment of warrants and issuance of duplicate warrants.

Process for electronic credit of dividend after expiry of dividend warrants?

Shareholders who have not encashed their dividend warrants within the validity period may send their request for electronic credit of unpaid dividend warrants to the Company's RTA enclosing following documents:

- Covering letter duly signed by first shareholder quoting the folio number / client ID particulars (in case of dematerialised shares)
- Cancelled cheque leaf.
- Copy of PAN card
- Address proof viz. electricity bill, telephone bill, copy of Aadhar card etc.

Upon receipt of the above documents, the Company will credit the unpaid dividend amount to the shareholder's bank account within 15-20 days.

Non-receipt of dividend:

In case of non-receipt of dividend, shareholder has to write to the RTA forclaiming the unpaid dividend amount, informing the year(s) for which dividend is not received.

Upon receipt of the request, the RTA will check and verify the record and process the request, in case the original dividend warrant appears as unpaid in the records of the Company. If the validity period of the warrant has expired, the shareholder has to submit the following documents for electronic credit of dividend warrant to their bank account:

- Covering letter duly signed by first shareholder quoting the folio number/client ID particulars (in case of dematerialised shares)
- Cancelled cheque leaf.
- Copy of PAN card
- Address proof viz. electricity bill, telephone bill, copy of Aadhar card etc.

If the validity period of the original dividend warrant has not expired, shareholder will have to wait till the expiry date as electronic credit of dividend amount cannot be processed during the validity of the original dividend warrant.

In either case, the dividend amount will be electronically credited to the shareholders' bank account. With effect from 1st April, 2020 dividend shall be taxed in the hands of shareholders at applicable rates of tax and the Company shall withhold tax at source appropriately. TDS will not apply if the aggregate of total dividend distributed by the Company during a financial year does not exceed Rs. 10,000.
